Testimonials

"Upright is a perfect descriptor of EJ's cleaning company. I was not only impressed by the move out cleaning the team completed for me, but the customer service was spot on. All my questions/concerns were addressed. As a small business owner, I appreciated the ethic and follow thru that proves central to Upright Cleaning Services. So nice working with you!"

- Laura Weilert

"I initially reached out to get a quote for a move out deep cleaning and carpet cleaning. They were very quick to respond and get me set up for an in-person consultation. During the consultation, EJ looked around my place and informed me that my home wasn't dirty enough to require a deep cleaning ! He could have easily pocketed that extra money, but he was honest enough to tell me I didn't need to spend the extra money. He gave me a great rate and even offered a military discount on top of it. I would highly recommend their services and I plan to use their services again in the future! I was very pleased with the carpet cleaning. EJ was able to get stains out that I thought wouldn't come out. He really did an amazing job!" Faybiana Cesareo
