ANDREW GREGORY

Parents Challenge has truly helped me and my family build a firm and safe path to our future.

Thank you from the bottom of my heart to all the people who donate to this organization because it has truly changed my life and I will never be the same.

ANDREW GREGORY: A PARENTS CHALLENGE SUCCESS STORY

Parents Challenge has truly helped me and my family build a firm and safe path to our future. They provided financial support for our education and multiple opportunities to learn and grow, including the Rising Seniors Leadership Camp and volunteer projects with the community. They have pushed me to see beyond my weaknesses and develop strengths to reach my dreams, for which I am forever grateful.

Parents Challenge stepped in to help when I was in first grade at a public school. This school was not a good fit. I was struggling with dyslexia and the school wanted to hold me back. My mom knew that I could overcome my challenges so she sought another school that would work with me. We found a private school option, Evangel Christian Academy (ECA). Parents Challenge helped relieve some of the financial burden so that I could attend. ECA not only provided me with an influential education, it also helped me with the only thing that truly matters: my relationship with Christ. Thanks to Parents Challenge, I was able to experience an amazing elementary to high school experience; learning basketball, baseball, leadership and the true meaning of Godly love.

Parents Challenge is also where I heard about the Daniels Fund. I was selected for the Daniels Fund Scholarship giving me opportunities and a future I can't yet measure.

Thank you from the bottom of my heart to all the people who donate to this organization because it has truly changed my life and I will never be the same. Parents Challenge has given me more than just money, they've given me a future I can truly look forward to building! I can never thank you enough.
